GERTRUDE H. UPTON,		
C. M. MOORE,		

SCHOOL SUPERINTENDENT'S REPORT.

To the Citizens of Windham Central District:

The superintendent of schools presents the following report. The organization of the Windham Central District remains the same as last year: Chairman, W. H. Rogers, Townshend; Secretary, Mrs. Mary J. Whitaker of Newfane. In the nine towns which comprise this district there is a school population of 594 distributed among 35 schools. There are thirty-eight full-time teachers and two part-time teachers.

During the four months from September first to January first the superintendent made 340 school visits. The mileage covered was 3,387 miles. For the last full school year which ended July first the total number of visits was 588 and the mileage was 6,530 miles. In addition to the regular school visits the superintendent has attended various board meetings and made many personal interviews. During July and August much time was spent in planning the various building improvement projects. Contact has been made with educational work outside of these immediate towns through attendance at the annual superintendents' conference held at Castleton, the State Teachers' meeting in Burlington and the New England Conference at Boston.

In looking back over the past few years there are several things which stand out rather prominently and are encouraging to those who are interested in the schools and the welfare of the various communities.

In 1922, one-fifth of all the teachers in the district were teaching on permits. At present every teacher holds a state certificate.

At the beginning of this same period there was not a single school that would rate as "standard." Now there are thirteen schools that hold either the "standard" or "superior"

rating. There are sixteen other schools where improvements leading to standardization have been commenced. Last summer an unusually large amount of repair work was accomplished. As has been frequently stated in these reports much of this work has been made possible through the coöperation of the community with the school board, and every effort has been made to do the work in such a way that the maximum amount of state aid might be realized.

For the third time in a comparatively few years one of the prizes for improvement of school buildings came to this district. The Williamsville School won the third prize of fifty dollars donated by the Brattleboro Reformer.

Eight years ago there was no regular medical inspection in the schools. Last year every town in this district provided medical inspection for the pupils in the schools. This is decidedly a step in the right direction.

Each year the Thompson Trust Fund enlarges its work in our territory. Practically every school in the district was visited during the fall by the nurse and dental hygienist. Few sections of the state are so fortunate in their health program. Miss Delaplane of the Green Mountain Camp visits and assists in the schools where the Brattleboro Training Class graduates are teaching, and is willing to help in other schools so far as time will permit.

The attendance throughout the district is good. Last spring two schools made a record attendance of 100%.

Each year a good proportion of our eighth grade pupils go on to high school and academies and for the most part "make good."

A very encouraging thing from the superintendent's point of view has been the willingness of the various boards to purchase new text books. Three towns have added very materially to their teaching material and in several others, inventories have been taken and plans made for replacing the worn-out books.

Another most encouraging thing is the fact that in prac-

tically every town where there are "standard" or "superior" schools the school boards are making an effort to keep these buildings in the best of repair. They are being painted as need arises; small repairs are attended to and the buildings are being kept in first-class shape. This is as it should be, and the superintendent would urge the citizens to continue to give their various school boards the heartiest support and coöperation.

In spite of all these signs of progress and improvement there still remain many perplexing problems. It is difficult to finance the schools because there is so little property to tax. Transportation of remote pupils offers an unending problem to school boards.

The list of "standard" and "superior" schools in this district is as follows:

Standard	Superior
Athens—North School	Newfane—Grammar School
Brookline—Union School	Newfane—Primary School
Grafton—Primary School	
Grafton—Grammar School	
Marlboro—Adams School	
Marlboro—Four Corners School	
Newfane—Union School	
Newfane—Williamsville School	
Townshend—Intermediate School	
Townshend—Primary School	
Townshend—West School	

The superintendent speaks for both himself and the teachers in gratefully acknowledging your support and coöperation.

Respectfully submitted,

G. W. POWERS,
Superintendent of Schools.

February 1, 1930.

BIRTHS IN TOWN FOR YEAR 1929.

- Feb. 24. A daughter, Shirley Mae, to Harold F. and Gladys M. (Reed) Gould, residence, Dover, Vt.

AUDITORS' REPORT

OF THE

Town of Dover

Vermont

FOR THE YEAR ENDING

JANUARY 31, 1931

BRATTLEBORO:

PRESS OF E. L. HILDRETH & CO.

1931

AUDITORS' REPORT

The auditors of Dover, Vt., respectfully submit the following report. The general property grand list for the year 1930 was \$3,035.45. On this there was assessed a tax of 350 cents on the dollar, 165 cents for town, 125 cents for school, 60 cents for highway. The intangible list, group No. 1, was \$48.00 assessed 40 cents on the dollar. There were 153 polls at \$2.50 each, making a total assessment of \$382.50. Of this amount 5% or \$19.12 was allowed the town. The above was the state poll tax.

ETTA L. JONES,

School Directors.

SCHOOL SUPERINTENDENT'S REPORT.

To the Citizens of Windham Central District:

The superintendent of schools presents the following report. The organization of the district remains the same as last year: Chairman, W. H. Rogers, Townshend; Secretary, Mrs. Mary J. Whitaker of Newfane. In the nine towns which comprise this district there is a school population of 601 distributed among 34 schools. There are 37 full-time teachers and one part-time teacher. In 1926-27 the number of pupils enrolled was only 588. It is encouraging to note that there has been a slight increase in the enrollment.

During the four months from September first to January first the superintendent made 346 school visits. The mileage covered was 3,326 miles. For the last full school year which ended July first the total number of visits was 672 and the mileage was 6,621 miles. In addition to the regular school visits there has been the usual number of board meetings and many personal interviews. During the summer much time was spent planning the various building improvement projects. The superintendent has endeavored to attend a reasonable number of the state and district educational meetings. It was his privilege last February to attend the national meeting of the Department of Superintendence held at Atlantic City.

During the year past term reports have been required of the teachers. Tests have been given to check up on the work being done in the classes. Circular letters dealing with different phases of school work have been sent to the teachers from time to time as need has arisen.

During the fall and winter a determined effort has been made to give the eighth grade pupils a thorough and practical course in Civics with especial attention to local govern-

ment. This has included a study of Vermont taxes, the proper marking of ballots and the duties of town officers.

One of the most perplexing problems for teachers and superintendent is that of the proper marking and promotion of pupils. The superintendent is confident that we err more frequently in making promotion too easy, especially from the eighth grade to the high school. It is discouraging to the pupil to find himself in the freshman class and unable to carry the work. It is also unfair to the town paying the tuition, for this pupil could have repeated the eighth grade without any additional expense to the town and would finally be in better shape for advanced work. The eight school years of thirty-four weeks each are too short a time in which to cover all the work now required. Many of our villages and cities have thirty-six and sometimes thirty-eight weeks of school. Over an eight-year period this makes a very appreciable difference.

The state board of education has ruled that, beginning with the present year, 1931, all teachers entering the profession must have two years of normal training in order to receive a certificate. This does not apply to those already teaching. How this new policy will affect the filling of our rural vacancies remains to be seen. Probably very little difficulty will be experienced because there appears to be a surplus of candidates in the neighboring states who are willing to take rural schools here in Vermont.

The pupils in this district continue to benefit from the Thompson Trust Fund in Brattleboro. This organization provides both a nurse and dental hygienist. The Green Mountain Camp Association each year offers camp scholarships to worthy girls. The Parent-Teacher Associations are still a strong factor in carrying forward school improvement programs.

For the fourth time in a comparatively few years one of the prizes for the improvement of school buildings has come

to this district. The North Street school in East Dover won the second Proctor prize of fifty dollars. The following schools received honorable mention: Branch school, Marlboro; South Hill school, Jamaica; River school, Jamaica; Rawsonville school, Jamaica, and the West school in Wardsboro.

The superintendent would like to urge that the boards continue their present policy of making some repairs and improvements every year. This avoids piling up an enormous repair bill in any one year. This applies to the purchase of books also. Books wear out and become out of date in a surprisingly short time, but a reasonable amount spent each year will provide the teachers and pupils with the necessary tools for their work.

The superintendent is becoming more and more convinced that our school property should be not merely in passable condition, but that it should be in such good and attractive condition that it will be a pleasure to the pupils to be in school and an inspiration to them to do their best work.

The list of "standard" and "superior" schools in this district is as follows:

Standard

Athens—North School
 Brookline—Union School
 Dover—North Street School
 Grafton—Grammar School
 Grafton—Primary School
 Marlboro—Adams School
 Newfane—Union School
 Newfane—Williamsville School
 Townshend—Intermediate School
 Townshend—Primary School
 Townshend—West School

Superior

Newfane—Grammar School

Newfane—Primary School

You are invited and urged to visit your schools frequently. Only in this way can you get first hand knowledge of the work that is being done. More than this your interest will serve to encourage both pupils and teacher. The Superintendent gratefully acknowledges the assistance and cooperation of the teachers, the various school boards and citizens of the district.

Respectfully submitted,

G. W. POWERS,
Superintendent of Schools.

ANNUAL TOWN MEETING.

The legal voters of the town of Dover, Vt., are hereby notified and warned to meet the third day of March next, at 10 o'clock a.m., at the Town Hall, Dover Center, so-called, to act upon the following articles, to wit:

Article 1. To choose a moderator.

Art. 2. To act upon the report of the auditors.

Art. 3. To see if the town will vote whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners.

Art. 4. To choose all town officers required by law to be elected at the annual March meeting.

Art. 5. To see if the town will vote to pay their town officers for the ensuing year and if so how much.

Art. 6. To see what sum of money or per cent of the grand list the town will vote to raise to defray the expenses and liabilities of said town.

Art. 7. To see what sum of money or per cent of the grand list the town will vote to raise for maintenance of highways.

Art. 8. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of schools.

Art. 9. To see if the town will vote to raise a sum of money for highway purposes to take advantage of the State Aid Law and if so how much.

Art. 10. To see if the town will take advantage of Art. No. 48 of the Acts of the General Assembly of 1915.

Art. 11. To see if the town will appoint an agent to dispose of the town's real and personal property.

Art. 12. To see if the town will vote to instruct its school board to provide medical inspection for the public schools in accordance with Chapter 64 and Section 1313 of the General Laws.

Art. 13. To see if the town will vote whether or not to establish a Town Forest.

Art. 14. To have the town appropriate money to pay for the snow plow.

Art. 15. To do any other business that may come before said meeting.

C. J. UPTON,
F. H. HOLLAND,
FRANK YEAW.

Road Commissioner—D. M. Hale.

Overseer—J. A. Davis.

Trustee of Public Money—Leon T. Bogle.

Treasurer—Leon T. Bogle.

Auditors—Dale Harris, Evelyn Upton, Eleanor Holland.

Grand Juror—Fred E. Ryther.

Constable—Reuben E. Snow.

School Directors—Clarence Moore, Effie Johnson, Bertha Winchester.

Library Trustees—Dale Harris, Mary Bartlett, J. A. Davis, Bert Collins, and Clarence Stowe.

Town Agent—D. M. Hale.

AUDITORS' REPORT

The auditors of Dover, Vt., respectfully submit the following report. The general property grand list for the year 1931 was \$2,940.79. On this there was assessed a tax of 350 cents on the dollar, 165 cents for town, 125 cents for school, 60 cents for highway. The intangible grand list, group No. 1, was \$47.50 assessed 40 cents on the dollar. There were 142 polls at \$1.50 each, making a total assessment of \$213.00, the State Flood tax.

Respectfully submitted,

J. A. DAVIS,

Overseer of the Poor.

Health Officer's Report.

There were twenty-one cases of measles reported. There were twelve cases of whooping cough and one case of infantile paralysis with no deaths on any of the diseases. The measles and whooping cough were very mild. The infantile paralysis case was severe.

Health Officer,

ORRIN C. BOLSTER.

Resurfacing West Dover.

Total		<hr/> \$ 1,965 81
Total of all orders issued by D. M. Hale		\$ 6,884 76

ALL WORK DONE ON THE ROAD DURING THE YEAR WAS AT
THE FOLLOWING PRICES:

Men, \$2.70 per day of 9 hours.
Truck, drawing 1 yard, \$1.00 per hour.
Truck, drawing 1½ yards, \$1.25 per hour.
Truck, drawing 2 yards, \$1.50 per hour.
Truck, drawing 3 yards, \$2.00 per hour.
Road commissioner, \$5.00 per day of 9 hours.
Teams on cart, \$6.50 per day.
D. M. Hale's tractor, \$1.50 per hour.
Town tractor, \$2.00 per hour.
Town tractor with crusher, \$3.00 per hour.
Filling, 5 cents per load.
Gravel, 15 cents per load.

This year has been the worst year I have ever had to keep roads in repair. Part of the roads were put on patrol, which took \$576.00 out of the money raised for me. I could not get through the year and had to overdraw what was raised. I think, if we have patrolled roads, the town will have to raise more money, as they surely cost more.

Respectfully submitted,

D. M. HALE,
Road Commissioner.

SCHOOL DIRECTORS' REPORT.

FOR THE YEAR ENDING JANUARY 31, 1932.

School Directors

Effie Johnson

C. M. Moore

School Directors.

SCHOOL SUPERINTENDENT'S REPORT.

To the Citizens of Windham Central District:

The superintendent of schools presents the following brief report. At the annual district meeting held in Newfane last June, W. H. Rogers of Townshend was reëlected as chairman and Mrs. Mary J. Whitaker of Newfane as secretary. A new town, Winhall, was added to the district. This makes ten towns. It is now one of the largest supervisory districts in the state so far as the number of towns and area is concerned. In these ten towns there is at present a school population of 706, distributed among 36 schools. There are 39 full-time teachers and one part-time teacher.

During the four months from September first to January first, the superintendent made 337 school visits and the mileage covered in making these visits was 3,265 miles. For the last full school year, which ended July first, the total number of visits was 658 and the mileage was 6,449 miles.

During the past summer there was an unusual amount of activity in the matter of school improvement. Practically every town in the district did something in the way of either permanent or incidental repairs. The school boards and communities are to be congratulated. The superintendent firmly believes that a reasonable amount of repair and upkeep work should be done every year. It should be as much a part of our program as hiring teachers and buying fuel. In the long run it is good economy and meantime our children have the advantage of comfortable and attractive schools.

The results of the summer's activities were apparent when the prizes for improvement were awarded in October. Every single prize awarded in Windham County for improvement came to this district. The first Proctor prize of one hundred dollars was awarded to the West Dover School. The second Proctor prize of fifty dollars was awarded to the Pettengill

School in Grafton. The third prize of thirty dollars given by the *Brattleboro Reformer* was won by the Branch School in Marlboro and the fourth prize of twenty dollars went to the West School in Wardsboro. The third prize of twenty-five dollars in Bennington County came to the Bondville School in Winhall. In addition to this the following schools received honorable mention: City School in Wardsboro; North School in Athens; the Village, River and South Hill Schools in Jamaica; the Walker School in Grafton and the Slade School in Winhall. Four of these schools have been approved as "standard." This makes eighteen schools which are rated either as "standard" or "superior." Four more are almost ready for approval.

This program for the improvement of the school buildings has been under way for some eight or ten years. During this period there has been a corresponding improvement in the training of the teaching force. In 1922 one-fifth of the teachers in the district were teaching on permits. This year every teacher in our rural schools holds a certificate and sixteen of them have had two or more years' normal training. These are gains that have been built up slowly and with much effort. We are in the midst of depressing business conditions, but we must be careful not to lose all that we have gained through these years of effort.

For two years now a very special effort has been made to give the upper grade pupils a reasonably thorough understanding of local, state, and national government. The eighth grade pupils are required to work out a rather extensive project in Civics. They are taught to understand the meaning of the "grand list" and how to figure a person's taxes. In only a very few years these boys and girls will be voters and office holders. If we are to have a well informed electorate our pupils must be interested in and informed about the current problems of the town and of the state at large.

It is possible that we have failed to fully appreciate the

splendid health program which is being carried on in the district through the generosity of the Thompson Trust Fund of Brattleboro. This organization furnishes the services of Miss Kelley, school nurse. Miss Kelley visits the schools regularly and is very conscientious and faithful in her work, and the superintendent takes this opportunity to publicly express the appreciation of the citizens of the district to The Thompson Trust Fund for its services in our schools.

Surely Dover is to be congratulated on the progress being made in its school improvement program. Deputy Commissioner Erwin frequently speaks of the two unusually fine jobs which have been carried through during the past two years. The superintendent invites and urges you to visit your schools. It will encourage both the teachers and the pupils. The schools are yours and for your children. The superintendent gratefully acknowledges the assistance and coöperation of the teachers, the various school boards and citizens of the district.

Respectfully submitted,

G. W. POWERS,
Superintendent of Schools.

February 1, 1932.

BIRTHS IN TOWN FOR YEAR 1931.

- Jan. 20. A daughter, Myrtle Elizabeth, to Harold and Leona F. (Powers) Wright.
- Feb. 9. A son, Howard Halbert, to Halbert W. and Gertrude E. (Howard) Bartlett.
- Mar. 15. A daughter, Sylvia Mae, to Earl F. and Lillian M. (Trevarrow) Yeaw.
- May 16. A daughter, Flora Emogene, to John and Lula E. (Howe) Hall.

MARRIAGES IN TOWN FOR YEAR 1931.

- July 31. Albert H. Davis of Dover and Cora Britannia Gillette of Whitingham, Vt.
- Oct. 28. Clifford L. Sherman of Dover and Hazel Sadie Metcalf of Dover, Vt.

ANNUAL TOWN MEETING.

The legal voters of the town of Dover, Vt., are hereby notified and warned to meet the first day of March next, at 10 o'clock a.m., at the Town Hall, Dover Center, so-called, to act upon the following articles, to wit:

Article 1. To choose a moderator.

Art. 2. To act upon the report of the auditors.

Art. 3. To see if the town will vote whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners.

Art. 4. To choose all town officers required by law to be elected at the annual March meeting.

Art. 5. To see if the town will vote to pay their town officers for the ensuing year and if so how much.

Art. 6. To see what sum of money or per cent of the grand list the town will vote to raise to defray the expenses and liabilities of said town.

Art. 7. To see what sum of money or per cent of the grand list the town will vote to raise for maintenance of highways.

Art. 8. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of schools.

Art. 9. To see if the town will vote to raise a sum of money for highway purposes to take advantage of the State Aid Law and if so how much.

Art. 10. To see if the town will take advantage of Art. No. 48 of the Acts of the General Assembly of 1915.

Art. 11. To see if the town will vote to instruct its school board to provide medical inspection for the public schools in accordance with Chapter 64 and Section 1313 of the General Laws.

Art. 12. To see if the town will vote whether or not to establish a Town Forest.

Art. 13. To do any other business that may come before said meeting.

J. A. DAVIS,
FRED HOLLAND,
ORRIN BOLSTER.

Selectmen.

Dover, Vt., February, 1932.

AUDITORS' REPORT

OF THE

Town of Dover
Vermont

FOR THE YEAR ENDING

JANUARY 31, 1933

BRATTLEBORO:
PRESS OF E. L. HILDRETH & COMPANY

AUDITORS' REPORT

The auditors of Dover, Vermont, respectfully submit the following report. The general property grand list for the year 1932 was \$2,926.12. On this there was assessed a tax of 325 cents on the dollar, 165 cents for town, 100 cents for school, and 60 cents for highway. There were 135 polls at \$1.50 each, making a total assessment of \$202.50, the State Flood tax.

\$ 2,005 95

The following amount was overpaid on Order

No. 8, town work 60

\$ 2,005 35

This year I found the same as last year. After paying for the patrol work \$493.50 out of 60 cents on a dollar raised for town work, I could not get through the year. I think with the traffic we have now, we should raise a little more for town roads.

The following prices were paid for work done by the day: D. M. Hale, Road Commissioner, 50 cents per hour; shovelers, etc., 30 cents per hour; D. M. Hale's tractor, \$1.50 per hour; town crusher, \$3.00 per hour. Most of the trucking was done by the yard.

Respectfully submitted,

D. M. HALE,

Road Commissioner.

There is about thirty-five dollars (\$35.00) of school supplies and material on hand. The School Directors recommend one dollar and ten cents (\$1.10), on a dollar to meet the school expenses for the ensuing year.

Respectfully submitted,

C. M. MOORE,
LEON T. BOGLE,

School Directors.

SCHOOL SUPERINTENDENT'S REPORT.

To the Citizens of Windham Central District:

The superintendent of schools submits the following brief report. The district includes ten townships, and the district officers are as follows: W. H. Rogers of Townshend, Chairman, and Mrs. Mary J. Whitaker of Newfane, Secretary. In these ten towns there is at present a school population of 746. This is an increase of 34 over last year's enrolment. There are employed in the district 40 teachers.

During the four months from September first to January first, the superintendent made 350 school visits and the mileage covered in making these visits was 3,470 miles. For the last full school year which ended July first the total number of visits was 712 and the mileage covered was 7,358 miles. In addition to the regular school visits there has been the usual number of board meetings and also many personal interviews. In order to keep in touch with outside activities, the superintendent has endeavored to attend a reasonable number of district and state educational meetings.

A considerable amount of permanent improvement work was done during the summer. Two of the prizes offered by the Brattleboro Reformer for rural school improvement came to this district; one of twenty dollars to the Taylor Hill School in Winhall and one of fifteen dollars to the Pikes Falls School in Jamaica. During the summer work was completed at the West School in Wardsboro and it was awarded the "standard" rating. Several other schools in the district are almost ready for approval.

Each year the superintendent in his annual report has urged a reasonable yearly outlay for incidental repairs and upkeep. In spite of the unfavorable business conditions which exist he would urge that this policy be maintained for if we let these small repair items go, in a few years there

will be a big job and a heavy expense facing us. In the general effort to keep down costs very few books have been purchased during the year. This should not go too long for in the end it will be poor economy.

The improvement in our schools has by no means all been on the material side. Attention should be called to the fact that of the thirty-five teachers in the rural schools of this district, twenty have had two or more years of normal training. We are fortunate this year in having from time to time the services of one of the state helping teachers. The deputy state commissioner is frequently in the schools and always ready to counsel and advise in matters of school policy. As usual the superintendent requires term reports from every school. Frequently, as need arises, circular letters dealing with different phases of school work are sent to the teachers. Each year a determined effort is made to give the eighth grade pupils a thorough and practical course in Civics with especial attention to local government. Eighty-five per cent of those completing the eighth grade last spring went on to high school and a careful check shows that a large majority of these are carrying high school work successfully.

Again the Thompson Trust Fund is assuming responsibility for the health work in the district. The dental hygienists have worked in all the schools and Miss Kelley the health nurse makes regular visits.

The citizens of Dover are to be congratulated on the excellent condition of their schools. During the ten year period just closing the rural schools of Vermont have come a long way. To maintain these gains during the present years of unsettled business conditions may be difficult, but it will be worth the effort. Schools should bear their fair share of cuts, but not an undue proportion. They exist for the children and we ought not to lose sight of the fact that a child has but one life to live and that he can pass through the schools but once.

The superintendent gratefully acknowledges the assistance and cooperation of the teachers, the various school boards and citizens of the district.

Respectfully submitted,

G. W. POWERS,
Superintendent of Schools.

Auditors of the town of Dover, Vermont,

ANNUAL TOWN MEETING.

The legal voters of the town of Dover, Vt., are hereby notified and warned to meet the seventh day of March next, at 10 o'clock a.m. at the town hall, Dover, Center, so-called, to act upon the following articles, to wit:

Article 1. To choose a moderator.

Art. 2. To act upon the report of the auditors.

Art. 3. To see if the town will vote whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners.

Art. 4. To choose all town officers required by law to be elected at the annual town meeting.

Art. 5. To see if the town will vote to pay their own town officers for the ensuing year and if so how much.

Art. 6. To see what sum of money or per cent of the grand list the town will vote to raise to defray the expenses and liabilities of said town.

Art. 7. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of schools.

Art. 8. To see what sum of money or per cent of the grand list the town will vote for the maintenance of highways.

Art. 9. To see if the town will vote to raise a sum of money for highway purposes to take advantage of the State Aid Law and if so how much.

Art. 10. To see if the town will vote to take advantage of Art. No. 48 of the Acts of the General Assembly of 1915.

Art. 11. To see if the town will vote to instruct its school board to provide medical inspection for the public schools in accordance with Chapter 64 and Section 1313 of the General Laws.

Art. 12. To see if the town will vote to appoint an agent to sell town real estate providing they can receive a reasonable price for same.

Art. 13. To see if the town will vote to raise a certain per cent of the grand list to be applied toward the Town's indebtedness.

Art. 14. To do any other business that may come before said meeting.

FRED H. HOLLAND,
J. A. DAVIS,
ORRIN C. BOLSTER,

Selectmen.

School Directors—Clarence M. Moore, Rexford Johnson, Leon T. Bogle.

Library Trustees—Dale T. Harris, Mary A. Bartlett, Fred E. Ryther, J. A. Davis.

Town Agent—Dan M. Hale.

AUDITORS' REPORT

The auditors of Dover, Vermont, respectfully submit the following report. The general property grand list for the year 1933 was \$2,911.65. On this there was assessed a tax of 285 cents on the dollar, 125 cents for town, 80 cents for school, and 60 cents for highway, and 20 cents on the town's indebtedness. There were 141 polls at \$1.50 each, making a total assessment of \$211.50, the state flood tax.

Trustee's Report January 31, 1934.

I have in my hands a note signed by the selectmen of Dover given for the United States Deposit Money on which there is now due the state five hundred seventeen dollars and twenty-four cents (\$517.24), on which the town pays the state 5% interest annually.

Also a note signed by the selectmen of Dover for the sum of four hundred sixty-three dollars and eighteen cents (\$463.18), for the Robinson Fund (so-called), on which the town pays the school account 5% annually.

The Stephen T. Davenport poor and school fund of two hundred dollars (\$200.00), the interest on which goes towards the support of the poor and schools.

The Sylvia Banks Fund of two hundred dollars (\$200.00), the interest on which goes to the North Street school for prizes to the students making the most advancement in reading and spelling.

The Reuben S. Sherman Fund of two hundred and fifty-five dollars (\$255.00), the interest to go for the care of the Reuben S. Sherman burial lot in the Dover Center Cemetery.

ACCOUNT OF THE SELECTMEN.

There is about twenty dollars (\$20.00) worth of school material on hand. The cost of enlarging the North Street School grounds was ninety-four dollars and sixty-five cents (\$94.65). The School Directors recommend one dollar and ten cents (\$1.10) on a dollar for the ensuing year to meet the school expenses.

SCHOOL SUPERINTENDENT'S REPORT.

To the Citizens of Windham Central District:

When schools opened last September there was in this district a school population of 756. This is an increase of ten over last year's enrollment and an increase of fifty over the enrollment two years ago. Various curtailments and economies have been necessary in all of the towns, but thanks to the careful planning of the school boards and continued support of the citizens our schools have suffered much less during the past year or two than schools in other parts of the country or even in other parts of our own state.

The routine work of the schools is being carried on vigorously. Tests have been sent out from time to time. The eighth grade classes have just completed a project in Civics dealing largely with local government and the new federal activities. The state helping teacher made several visits in the district during the fall. The health work sponsored by the Thompson Trust Fund is being carried on as usual. Several communities through the assistance of the P.T.A. or other local organizations are providing for music instruction.

Although there was much less permanent repair work done in the district during the past summer, the two prizes given by the Brattleboro Reformer for rural school improvement were awarded to schools in this district; the first to South Wardsboro and the second to the River School in East Jamaica. Practically every town made incidental repairs on their schools buildings thus keeping the property in good shape and maintaining our "superior" and "standard" ratings. This is most gratifying for the superintendent has always felt that definite provision should be made in the yearly budget for the annual repair and up-keep of the school property.

A rather unusual development this year has been the repair work which has been started under the incentive of the C.W.A. program. At present there are four different jobs under the C.W.A. either going on or finished. At South Wardsboro the schoolhouse has been shingled and a new chimney built. At West Wardsboro one side of the school building has been shingled. At Athens running water is being piped to the school. In South Newfane the school building has been moved farther back from the road and is being completely remodeled. The labor for all of these projects is provided by federal funds. In a few places we are taking advantage of C.W.A. funds to employ a woman to help with the hot lunches.

The superintendent is anxious to bring to your attention the importance and value of the state aid provided for rural schools in our small towns, especially in towns having a grand list of less than five thousand dollars. For the school year ending June 30, 1933, the gross school expense for the town of Dover was \$3,613.85. The state rebates for this same year were \$714.07. In other words, 19 per cent of our school expenses was paid by state funds. There is a tendency for legislatures to pare down these school appropriations thus reducing the amount of state aid which comes back to the small towns. Although the next legislature is a year distant it is none too early to commence discussing this matter of state support for schools. Some believe that the state should assume an even larger share of the school costs than at present. Others go still further and believe that the federal government should come to the aid of the heavily burdened rural towns. These matters deserve your careful attention.

The organization of the district remains the same, and the officers are as follows: W. H. Rogers of Townshend, chairman, and Mrs. Mary J. Whitaker of Newfane, secretary. For the last full school year which ended July first

the total number of school visits was 789 and the mileage covered was 8,806 miles. For the first five months of the present school year there have been made 402 school visits. In addition to this the superintendent has been at numerous board meetings and has endeavored to attend a reasonable number of state and district educational meetings.

Respectfully submitted,

G. W. POWERS,

Superintendent of Schools.

February 1, 1934.

We, the auditors of the town of Dover, hereby certify that the town officers for said town have rendered their report and that said reports have been examined and found correct.

CARROL A. JONES,
EVELYN M. UPTON,
DALE T. HARRIS,

Auditors of the town of Dover, Vermont.

ANNUAL TOWN MEETING.

The legal voters of the town of Dover, Vt., are hereby notified and warned to meet the sixth day of March next, at 10 o'clock a.m. at the town hall, Dover Center, so-called, to act upon the following articles to wit:

Article 1. To choose a moderator.

Art. 2. To act upon the report of the auditors.

Art. 3. To see if the town will vote whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners.

Art. 4. To choose all town officers required by law to be elected at the annual town meeting.

Art. 5. To see if the town will vote to pay their town officers for the ensuing year and if so how much.

Art. 6. To see what sum of money or per cent of the grand list the town will vote to raise to defray the expenses and liabilities of said town.

Art. 7. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of schools.

Art. 8. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of highways.

Art. 9. To see if the town will vote to raise a sum of money for highway purposes to take advantage of the State Aid Law and if so how much.

Art. 10. To see if the town will take advantage of Art. No. 48 of the acts of the General Assembly of 1915.

Art. 11. To see if the town will vote to instruct its school board to provide medical inspection for the public schools in accordance with Chapter 64 and Section 1313 of the General Laws.

Art. 12. To see if the town will vote to collect taxes on real and personal property in installments as provided by No. 21 of the Acts of 1933.

Art. 13. To see if the town will vote to raise a certain per cent of the grand list to be applied towards the Town's indebtedness.

Art. 14. To see what action the town will take, "Shall license be granted for the sale of malt and fermented beverages?"

Art. 15. To do any other business that may come before said meeting.

J. A. DAVIS,
ORRIN C. BOLSTER,
FRED H. HOLLAND,

Selectmen.

Dover, Vt., February 14, 1934.

AUDITORS' REPORT

The auditors of Dover, Vermont, respectfully submit the following report. The general property grand list for the year 1934 was \$2,885.99. On this there was assessed a tax of 315 cents on the dollar, 125 cents for town, 110 cents for school, 60 cents for highway and 20 cents on the town's indebtedness. There were 148 polls at \$1.50 each, making a total assessment of \$222.00, the state flood tax.

Trustee's Report January 31, 1935

I have in my hands a note signed by the selectmen of Dover given for the United States Deposit Money on which there is now due the state five hundred seventeen dollars and twenty-four cents (\$517.24), on which the town pays the state 5% interest annually.

Also a note signed by the Selectmen of Dover for the sum of four hundred sixty-three dollars and eighteen cents (\$463.18) for the Robinson fund, so-called, on which the town pays the school account 5% annually.

The Stephen T. Davenport poor and school fund of two hundred dollars (\$200.00), the interest on which goes towards the support of the poor and schools.

The Sylvia Banks Fund of two hundred dollars (\$200.00), the interest on which goes to the North Street School for prizes to the students making the most advancement in reading and spelling.

The Reuben S. Sherman Fund of two hundred and fifty-five dollars (\$255.00), the interest to go for the care of the Reuben S. Sherman burial lot in the Dover Center Cemetery.

ACCOUNT OF THE SELECTMEN.

The School Directors recommend one dollar and ten cents (\$1.10) on a dollar for the ensuing year to meet the school expenses.

SCHOOL SUPERINTENDENT'S REPORT.

To the Citizens of Windham Central District:

Our Vermont legislature is in session and many important matters relative to the educational policy of the state are being considered. The superintendent wishes to take this opportunity to call to your attention the report of the commission appointed by Governor Wilson two years ago to study the educational system of Vermont. Doubtless many of you have read this report. There seem to be four main objectives in this plan. Dr. Don C. Bliss who is the executive secretary of the commission lists them as follows: first—an effort to have a larger share of the school expense paid out of the state funds thus lessening the local property tax for schools; second—to set up a uniform system of supervision throughout the state; third—to provide additional help on the commissioner's staff; fourth—provision for a state supervisor of health and physical education.

Figures given in this report show that of the total state expenditures 61.8% go for highways and only 10.6% for educational purposes. In Maine 18% of the state expenditures go for education and in New Hampshire 17%. If here in Vermont the state's share could be pushed up far enough, then there would be some real relief from the heavy local school tax. Vermont is one of the lowest states in the entire union in the percentage of state money devoted to education.

At this end of the state there is probably little need felt for a change in the laws relative to supervisory districts, but in other parts where there are many single towns outside the unions there is real need for a unified system.

The report goes on to point out that here in Vermont we have the smallest state staff of any state of similar size. A

small increase in the force is badly needed. Since the dropping of one deputy two years ago we have been very short on field service. The expense involved would be comparatively small and the benefits would be large.

In all discussions of educational matters, health has come to be recognized as a matter of prime and foremost importance. It is entirely proper and highly desirable that there should be some active agent in the state who will help organize and coordinate the health programs of the schools.

In brief this is the gist of the commission's report. It deserves your careful study and those who are charged with the framing of the school laws will welcome your suggestions and constructive criticisms.

The routine work of the schools here in the Windham Central District has been carried on as usual. Incidental repairs have been made to school property in practically all the towns and several permanent improvements have been made. Emphasis has been placed on the study of local civil government. Dental work in the district is still being carried on through the Thompson Trust Fund. More schools than usual are stressing the study of music. A new development in some parts of the district has been the establishment of classes for adult education principally in music. This is a federal project under the direction of the State Commissioner and the Vermont Council of Adult Education. The enrollment in the district remains practically the same with 744 pupils, twelve less than last year. Few new text books have been bought during the past two or three years. In the near future the purchase of new books will become a necessity. On the whole the school property is in good condition. The policy of the various boards in making a few repairs each year saves an accumulation of expensive repairs at any one time.

The organization of the district is as follows: G. M. Allbee of Brookline, chairman, and Mrs. Mary J. Whitaker of Newfane, secretary. For the last full year which ended July first

the total number of school visits was 672 and the mileage covered was 7,966 miles. For the first five months of the present school year there have been made 428 school visits.

Respectfully submitted,

G. W. POWERS,

Superintendent of Schools.

February 1, 1935.

BIRTHS IN TOWN FOR YEAR 1934.

Dover, Vt., Feb. 7, 1935.

We, the auditors of the town of Dover, hereby certify that the town officers for said town, have rendered their report and that said reports have been examined and found correct.

CARROL A. JONES,
EVELYN M. UPTON,
DALE T. HARRIS.

Auditors of the town of Dover, Vermont.

ANNUAL TOWN MEETING.

The legal voters of the town of Dover, Vt., are hereby notified and warned to meet the fifth day of March next, at 10 o'clock a.m. at the town hall, Dover Center, so-called, to act upon the following articles to wit:

Article 1. To choose a moderator.

Article 2. To act upon the report of the auditors.

Article 3. To see if the town will vote whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners.

Article 4. To see if the town will vote to instruct its officers to cooperate with the Town Treasurer and Tax Collector in having one third of all money earned by delinquent taxpayers to liquidate taxes due the town.

Article 5. To see if the town will vote to pay their town officers and if so how much.

Article 6. To choose all town officers required by law to be elected at the annual town meeting.

Article 7. To see if the town will vote not to use a snowplow on the town's unselected roads after December 1, 1935.

Article 8. To see if the town will vote to raise a sum of money for highway purposes to take advantage of the State Aid Law and if so how much.

Article 9. To see what sum of money or per cent of the grand list the town will vote to raise to defray the expenses and liabilities of said town.

Article 10. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of schools.

Article 11. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of highways.

Article 12. To see if the town will take advantage of Art. No. 48 of the acts of the General Assembly of 1915.

Article 13. To see if the town will vote to instruct its school board to provide medical inspection for the public schools in accordance with Chapter 64 and Section 1313 of the General Laws.

Article 14. To see if the town will vote to raise \$1.00 (or part of that amount) on the grand list to apply on the town's indebtedness.

Article 15. To see what action the town will take, "Shall license be granted for the sale of malt and fermented beverages?"

Article 16. To see if the town will vote to have the taxes become due July 10.

Article 17. To do any other business that may come before said meeting.

AUDITORS' REPORT

The auditors of Dover, Vermont, respectfully submit the following report. The general property grand list for the year 1935 was \$2,874.96. On this there was assessed a tax of 345 cents on the dollar, 125 cents for town, 110 cents for school, 60 cents for highway and 50 cents on the town's indebtedness. There were 144 polls at \$1.50 each, making a total assessment of \$216.00, the state flood tax.

Trustee's Report January 31, 1936.

I have in my hands a note signed by the selectmen of Dover given for the United States Deposit Money on which there is now due the state five hundred seventeen dollars and twenty-four cents (\$517.24), on which the town pays the state 5% interest annually.

Also a note signed by the Selectmen of Dover for the sum of four hundred sixty-three dollars and eighteen cents (\$463.18) for the Robinson fund, so-called, on which the town pays the school account 5% annually.

The Stephen T. Davenport poor and school fund of two hundred dollars (\$200.00), the interest on which goes towards the support of the poor and schools.

The Sylvia Banks Fund of two hundred dollars (\$200.00), the interest on which goes to the North Street School for prizes to the students making the most advancement in reading and spelling.

The Reuben S. Sherman Fund of two hundred and fifty-five dollars (\$255.00), the interest to go for the care of the Reuben S. Sherman burial lot in the Dover Center Cemetery.

ACCOUNT OF THE SELECTMEN.

From February 1, 1935, to May 7, 1935.

SCHOOL SUPERINTENDENT'S REPORT.

To the Citizens of Windham Central District:

This district comprises ten townships. There are enrolled 649 elementary pupils. There are thirty-seven teachers. The organization of the district is as follows: chairman, G. M. Allbee of Brookline; clerk, Mrs. Mary J. Whitaker of Newfane. For the last full school year which ended June 30th the total number of school visits made by the superintendent was 783, and the mileage covered was 9,459 miles. For the first five months of the present school year there have been made 456 school visits.

At the last session of the legislature laws were enacted which distribute state aid on a new basis, namely that of the equated pupil. The following table shows the amounts received in this district under the old plan and the new plan.

	<i>1933-34</i> <i>Old Plan</i>	<i>1934-35</i> <i>New Plan</i>
Athens,	\$ 648 49	\$ 451 00
Brookline,	440 57	388 12
Dover,	929 01	1,041 43
Grafton,	1,611 75	2,121 34
Jamaica,	2,126 93	2,517 23
Marlboro,	922 27	1,557 54
Newfane,	1,453 74	2,082 61
Townshend,	2,898 76	3,046 98
Wardsboro,	883 57	1,364 62
Winhall,	1,060 79	1,496 63

Eight out of the ten towns benefit under the new plan. The above table shows the gross increase in state aid. The net benefit will not be quite as much due to the additional

week of schooling required. It will be impossible to make exact and complete comparisons until the end of the school year on June 30th. Probably eighty percent of the towns in the state benefits by this new method. Under this plan the state returns fifteen dollars per equated pupil.

The return of fifteen dollars per equated pupil is a step in the right direction. But this amount should be stepped up to twenty or twenty-five dollars. In other words the education of boys and girls is just as much of a state function as the building of roads and the state as a whole should bear a larger percent of the cost;—enough so that there might be some relief from the heavy local property tax.

The superintendent would like to call attention to the following:

Buildings and grounds: On the whole the school property in the district is in good shape. The present policy of the boards to do a reasonable amount of repair work each year tends to keep the buildings in good shape and in the long run saves money. With the ever increasing automobile traffic, some of the schools are in desperate need of a playground. Another pressing need is running water.

Books and Equipment: Most of our schools still lack an adequate supply of books. During the school year ending last June there was spent for books in the entire district \$170.06. There were enrolled 643 elementary pupils. This means that only \$.26 per pupil was spent for books. This is a pitifully small amount and entirely inadequate. Some authorities state that at least one dollar per pupil should be spent each year to keep the books in shape and up to date. Other estimates are all the way from one dollar to five dollars per pupil. There has been some improvement along this line during the past few months, but probably the most pressing need in the district at the present time is for more books, reference books as well as regular text books. Then in almost every school there is need for additional maps.

Health and Safety: Seldom has there been so general and effective interest in the health of the school children. Under the sponsorship of the Thompson Trust Fund an unusual amount of dental repair work has been done. Much credit is due to the painstaking work of the two dental hygienists, Miss Harriett Davis and Miss Helen Austin. The Windham County Health Council under the direction of Miss Lillie Young of Brattleboro has been a most important factor in the health work. Monthly bulletins on hygiene and physical education are distributed to the schools by Miss Alice Coutts, the new state supervisor of health and physical education. Highway safety lessons are being distributed to the schools each month through the courtesy of the American Automobile Association.

Study of Local Government: Again this year special emphasis has been placed on the study of local government. There are seventy-one eighth grade pupils in the district. In a recent test fifty-seven or 80% of these were able to figure out a man's grand list and tax when given the value of his real and personal estate together with the tax rate.

Pupils in High School: Last spring sixty-one eighth grade pupils were given certificates entitling them to attend high school. Of this number thirty-three entered some high school or academy and the very great majority are making good. This speaks well for the work of our teachers in the rural schools. However, it is to be regretted that a larger number do not go on to high school.

Additional Courses: Your superintendent believes firmly that more attention should be given in our elementary schools to manual training for the boys, domestic science for the girls and to the study of drawing and music. How to do all this with our limited funds is another question.

Too frequently the maintenance of schools is looked upon as just one more burden. We ought to remember that the only hope that any state or country has, is in the proper

education of its boys and girls. No better method of doing this has ever been found than through our system of free public schools.

Respectfully submitted,

G. W. POWERS,

Superintendent of Schools.

February 1, 1936.

BIRTHS IN TOWN FOR YEAR 1935.

- Jan. 3. A son, James Nicholas, to James Harold and Jennie (Losossa) Marrion of West Dover.
- Jan. 24. A daughter, Carolyn Gertrude, to Halbert Wallace and Gertrude (Howard) Bartlett of West Dover.

Warrant for Town Meeting and Town School District Meeting.

The legal voters of the town of Dover, Vt., and the town school district of Dover, Vt., are hereby notified and warned to meet at the Town Hall in said Dover on Tuesday, the third day of March next at 10 o'clock a.m. to act upon the following articles to wit:

Article 1. To act on the report of the auditors.

Article 2. To see whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners, the number to be determined by the Town, as provided by law.

Article 3. To see if the Town will vote to elect a tax collector or vote to collect by the treasurer the Town Tax, Highway Tax, Town School District Tax, Poll Tax, Flood Tax, and Old Age Assistance Tax. On what date shall said taxes become due? What discount, if any, shall be allowed if paid on or before the due date?

Article 4. To choose all Town and Town School District officers required by law to be elected at the March meeting.

Article 5. Shall license for the sale of malt and vinous beverages be granted in this Town? Shall spirituous liquors be sold in this Town?

Article 6. To see how much the Town will vote to appropriate for highway purposes.

Article 7. To see if the Town will vote to raise money to defray the expenses and liabilities of said Town, and if so, how much.

Article 8. To see if the Town will authorize the selectmen to borrow money on notes of the Town in anticipation of taxes.

Article 9. To see what salaries the Town will vote to pay its officers for the ensuing year.

Article 10. To see if the Town School District will vote to raise money to defray the expenses and liabilities of said Town School District, and if so, how much.

Article 11. To see if the Town School District will authorize the School Directors to borrow money on notes of the Town School District in anticipation of taxes.

Article 12. To see what salaries the Town School District will vote to pay its officers for the ensuing year.

Article 13. Shall an act of a special session of the general assembly held in December, 1935, entitled "An Act for the establishment of a national park known as the Green Mountain Parkway, limiting the lands held therefor, prescribing the jurisdiction to be retained by the state, making an appropriation in connection therewith and providing for a bond issue," become a law April 1, 1936.

Article 14. To transact any other business that may legally come before the meeting.

FRED E. RYTHUR,
DORR F. FITCH,
E. J. MOODY,

Library Trustee, term expires 1941—Ida Yeaw.

AUDITORS' REPORT

The auditors of Dover, Vermont, respectfully submit the following report. The general property grand list for the year 1936 was \$2,933.32. On this there was assessed a tax of 365 cents on the dollar, 125 cents for town, 110 cents for school, 105 cents for highway and 25 cents on the town's indebtedness. There were 146 polls at \$1.75 each, making a total assessment of \$255.50, the state flood tax.

Trustee's Report, January 31, 1937.

I have in my hands a note signed by the selectmen of Dover given for the United States Deposit Money on which there is now due the state five hundred seventeen dollars and twenty-four cents (\$517.24), on which the town pays the state 5% interest annually.

Also a note signed by the Selectmen of Dover for the sum of four hundred sixty-three dollars and eighteen cents (\$463.18) for the Robinson fund, so-called, on which the town pays the school account 5% annually.

The Stephen T. Davenport poor and school fund of two hundred dollars (\$200.00), the interest on which goes towards the support of the poor and schools.

The Sylvia Banks Fund of two hundred dollars (\$200.00), the interest on which goes to the North Street School for prizes to the students making the most advancement in reading and spelling.

The Reuben S. Sherman Fund of two hundred and fifty-five dollars (\$255.00), the interest to go for the care of the Reuben S. Sherman burial lot in the Dover Center Cemetery.

SCHOOL SUPERINTENDENT'S REPORT.

To the Citizens of Windham Central District:

There is bound to be a sameness in these reports published year after year for the work to be done from one year to another does not vary much. This district comprises ten townships. All the pupils in Stratton come to either the Jamaica or Wardsboro schools. If Stratton is included it makes eleven towns. There are enrolled 638 elementary pupils. There are thirty-nine teachers. The organization of the district remains the same as last year; chairman, G. M. Allbee of Brookline, and clerk, Mrs. Mary J. Whitaker of Newfane. For the last full school year ending June 30th, the total number of school visits made by the superintendent was 810, and the mileage covered in making these visits was 9,459 miles. For the first five months of the present school year there have been made 540 school visits.

This district has been fortunate in the appointment of Mrs. Dorothy Whitaker of Newfane as school and community nurse. For the present year, at least, this work is financed by state and federal funds. Mrs. Whitaker is one of six nurses assigned to different sections of the state. It is really an experiment in rural health work. She not only works with and through the schools, but is glad to consult with the local overseers and other town officials and to lend assistance whenever possible. She is also glad to meet with groups of interested parents to explain her work and make suggestions in regard to the health of the children. Medical inspections have already been made in several of the towns. Mrs. Whitaker assists the physician and if defects are found makes an effort to get in touch with the home and encourage remedial treatment and assist in any way possible. The town pays the doctor, but of course there is no local charge for the services of the nurse.

Miss Harriett Davis, dental hygienist, employed by the Thompson Trust Fund has been unusually busy this year caring for the dental needs of the school children. There has been an unusual amount of repair work done. Before the year is over it is hoped that Miss Davis can get to every school in the district.

The regular work of the schools is being well maintained. Whatever newer subjects are added from time to time the real purpose of the schools must always be to teach boys and girls to read and write and figure. Given this ability they will be able to gather information from books, newspapers, magazines and many other sources.

However, your superintendent does believe that more attention should be given in our elementary schools to manual training for the boys and domestic science for the girls. More time should be given to music and drawing. A music supervisor to travel from town to town would be a most desirable addition to our schools. How to do all this constitutes a real problem, but it is one which should challenge our best efforts.

At best local school boards have many difficult matters to handle. The general improvement of the schools and school property throughout the district has been almost entirely due to the painstaking work of the various school boards. It is always a desirable thing when members are willing to serve over a considerable period of years.

In Dover your school property is in good condition. Small annual outlays will continue to keep the buildings and equipment in good shape and will save large repair bills in any one year. Running water would be one of the finest additions to your school plants. During the present year there have been placed in the schools a good number of excellent supplementary reading books and books of reference.

At the present time we are receiving very substantial state aid in the maintenance of our schools and it is to be hoped

that the present legislature will in no way curtail these rebates.

Respectfully submitted,

G. W. POWERS,

Superintendent of Schools.

February 1, 1937.

BIRTHS IN THE TOWN FOR THE YEAR 1936.

- Jan. 23. A daughter, Evelyn Alice, to Erwin Edward and Geneva (Bartlett) Brown of East Dover, Vermont.
- Feb. 17. A daughter, Margaret Mary, to Everett Samuel and Vivian (Buffum) Cannon of East Dover, Vermont.
- Apr. 11. A son, Theodore Leigh, to Theodore Albert and Myrtle (Shippee) Ray of Wilmington, Vermont.
- June 1. A daughter, Beverly June, to Ray and Vivian (LaRock) Buffum.
- Oct. 7. A daughter, Julia Ann, to Halbert Wallace and Gertrude (Howard) Bartlett.

MARRIAGES IN TOWN FOR THE YEAR 1936.

- Sept. 14. Emmanuel L. Trevorrow of East Dover, Vt., and Jessie M. Atherton of Wilmington, Vermont.
- Sept. 24. George S. Thorsen of East Dover, Vt., and Elizabeth Graham Linn of Chicago, Illinois.
- Nov. 14. George Edwin Harvey of Readsboro, Vt., and Edith Leona Wright of East Dover, Vermont.

Dover, Vt., February 12, 1937.

We, the auditors of the town of Dover, hereby certify that the town officers for the said town have rendered their reports and that said reports have been examined and found correct.

DALE T. HARRIS,
EDITH H. BURCHARDS,
EVELYN M. UPTON,

Auditors of the town of Dover, Vt.

Warrant for Town Meeting and Town School District Meeting.

The legal voters of the town of Dover, Vt., and the town school district of Dover, Vt., are hereby notified and warned to meet at the Town Hall in said Dover, Vt., on Tuesday, the second day of March next at 10 o'clock A.M. to act upon the following articles to wit:

Article 1. To act upon the report of the auditors.

Article 2. To see whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners, the number to be determined by the Town, as provided by law.

Article 3. To see if the Town will vote to elect a tax collector or vote to collect by the treasurer the Town tax, Highway tax, Town School District tax, Poll tax, Flood tax, and Old Age Assistance tax. On what date shall said taxes become due? What discount, if any, shall be allowed if paid on or before the due date.

Article 4. To choose all Town and Town School District officers required by law to be elected at the March meeting.

Article 5. Shall spirituous liquors be sold in this town? Shall license for the sale of malt and vinous beverages be granted in this town?

Article 6. To see how much the Town will vote to appropriate for highway purposes.

Article 7. To see if the Town will vote to raise money to defray the expenses and liabilities of said Town, and if so, how much?

Article 8. To see if the Town will authorize the selectmen to borrow money on notes of the Town in anticipation of taxes.

Article 9. To see what salaries the Town will vote to pay its officers for the ensuing year.

Article 10. To see if the Town School District will vote to raise money to defray the expenses and liabilities of said Town School District, and if so, how much.

Article 11. To see if the Town School District will authorize the school directors, to borrow money on notes of the Town School District in anticipation of taxes.

Article 12. To see what salaries the Town School District will vote to pay its officers for the ensuing year.

Article 13. To see what action the Town will take in regard to exempting from taxation the mill property of Dan M. Hale for three years.

Article 14. To see if the Town will vote to adopt the so-called Daylight Saving Plan by ballot.

Article 15. To transact any other business that may legally come before this meeting.

DORR F. FITCH,
EDWIN J. MOODY,
ORRIN C. BOLSTER,

Selectmen of Dover.

Dover, Vermont, February 12, 1937.

Library Trustee, term expires 1942—Fred E. Ryther.

AUDITORS' REPORT

The auditors of Dover, Vermont, respectfully submit the following report. The general property grand list for the year 1937 was \$2,989.50. On this there was assessed a tax of 360 cents on the dollar, 165 cents for town, 100 cents for school, 70 cents for highway and 25 cents on the town's indebtedness. There were 144 polls at \$2.50 each, making a total assessment of \$360.00, the state old age assistance tax.

Trustee's Report, January 31, 1938

I have in my hands a note signed by the Selectmen of Dover for the sum of four hundred sixty-three dollars and eighteen cents (\$463.18) for the Robinson Fund, so-called, on which the town pays the school account 5% annually.

The Stephen T. Davenport poor and school fund of two hundred dollars (\$200.00), the interest on which goes toward the support of the poor and schools.

The Sylvia Banks Fund of two hundred dollars (\$200.00), the interest on which goes to the North Street School for prizes to the students making the most advancement in reading and spelling.

The Reuben S. Sherman Fund of two hundred and fifty-five dollars (\$255.00), the interest to go for the care of the Reuben S. Sherman burial lot in the Dover Center Cemetery.

LEON T. BOGLE, Trustee.

ACCOUNT OF THE SELECTMEN FOR 1937

HIGHWAYS AND BRIDGES

Weston J. Snow, repairing bridges,	\$ 1 20
Gardner Howe, 36 yards gravel at .10,	3 60
Carlton Lazelle, bridge work,	35 67

Old Age Assistance Report

Dover received from the State,	\$ 435 00
Dover paid to the State,	324 00

The amount to be paid the state by the town is 90% of the result obtained by multiplying the poll list by the old age assistance tax rate. The other 10% is allowed the town to cover the uncollected taxes.

This year the poll list was 144 and the rate \$2.50.

Three persons benefited by it this year.

SCHOOL SUPERINTENDENT'S REPORT

To the Citizens of Dover:

Your school buildings are in unusually good condition. At Canaan during the summer a new chimney was built and slate blackboards installed. An excellent job of painting was done at both Canaan and North Street. Both the North Street and West Schools are rated as "standard." Your board's policy of doing some up-keep work each year tends to keep the property in good condition and saves a big bill of expense in any one year.

A decided start has been made in the health work for the pupils of the schools. Mrs. Dorothy Whitaker of Newfane continues as school and community nurse. She not only works in and through the schools, but is glad to consult with local officials in regard to health matters and to lend assistance whenever possible. Mrs. Whitaker is especially glad to meet with local groups and explain her work and make suggestions as to good health practices. So far this work has been entirely financed by state and federal funds and is under the direction of the state board of health. However, as the work comes to be better known and its value more fully realized it is hoped that each town will vote something toward the support of the work. This would make it possible for the state board to receive more federal aid and to extend this type of work into other communities.

While of course it will not be immediately possible to institute special courses in manual training, domestic science, handicrafts, music and similar subjects,—these are the things in which many of our boys and girls need training and they are the things which the majority of boys and girls will use most during their life. Any step in this direction is most desirable.

Every effort is being made to maintain the regular work

of the schools at a high standard. During the fall and winter standard tests covering the fundamentals of Arithmetic were given. Other tests are given from time to time. In Civics work last fall especial emphasis was placed on the study of the United States Constitution. This was in accordance with the nation wide plan for observing the one hundred and fiftieth anniversary of the signing of the constitution. Better reading, both for expression and for understanding, is constantly stressed in the schools.

Here in Vermont at the present time there is a real shortage of qualified teachers for our elementary schools. This shortage is of course most keenly felt here in the rural schools where the salaries are the lowest. So serious is the situation that the commissioner of education has sent out a special bulletin asking us to urge our young people in high school to consider seriously the possibility of entering some of our normal schools or teachers' colleges in preparation for the profession of teaching. In this Bulletin Commissioner Bailey points out that the average salary for rural teachers throughout the state is \$657.84, while that of the grade teachers in villages is \$972.48. It would be most desirable if the rural teacher's salary could be brought up nearer to that of the village teacher for surely the work in a one room school is much more difficult.

Including Stratton, the Windham Central District consists of eleven towns. There are enrolled six hundred elementary pupils. This is slightly less than last year. There are thirty-nine teachers. The organization of the district remains the same; chairman, G. M. Allbee of Brookline and clerk, Mrs. Mary J. Whitaker of Newfane. For the last full school year ending June 30th the total number of school visits made by the superintendent was 837, and the mileage covered in making these visits was 9,975 miles. For the first five months of the present school year there have been made 428 school visits. In addition to this there are many

meetings and conventions which the superintendent must attend, and many personal calls to make.

The schools are yours and this work which the superintendent tries to do would be impossible without the generous cooperation given by the teachers, local boards and the citizens in general.

Respectfully submitted,

G. W. POWERS,

Superintendent of Schools.

February 1, 1938.

BIRTHS IN THE TOWN FOR THE YEAR 1937

- Nov. 8. A son, Charles Leslie, to Leslie Charles and Elva Belle (Robbins) Turner.

MARRIAGES IN TOWN FOR THE YEAR 1937

- Jan. 1. Kenneth Marshall Sherman of East Dover, Vermont, and Charlotte Emily (Buffum Allen) of East Dover, Vermont.
- Aug. 23. Carrol Adams Jones of East Dover, Vermont, and Marion Atlanta Stone of Brattleboro, Vermont.
- Nov. 18. Harold Earl Sherman of East Dover, Vermont, and Grace Ruth Boyd of Wilmington, Vermont.
- Dec. 5. Walter Norman Wright of East Dover, Vermont, and Lila Marie (Coleman Benezet) of East Dover, Vermont.

Warrant for Town Meeting and Town School District Meeting

The Legal voters of the Town of Dover, Vt., and the town school district of Dover, Vt., are hereby notified and warned to meet at the Town Hall in said Dover, Vt., on Tuesday, the first day of March next at 10 o'clock A.M. to act upon the following articles to wit:

Article 1. To act upon the report of the auditors.

Article 2. To see whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners, the number to be determined by the Town, as provided by law.

Article 3. To see if the town will vote to elect a tax collector or vote to collect by the treasurer the Town tax, Highway tax, Town School district tax, Poll tax, Flood tax, and Old age assistance tax. On what date shall said taxes become due? What discount if any, shall be allowed if paid on or before the due date.

Article 4. To choose all Town and Town School District officers required by law to be elected at the March meeting.

Article 5. Shall spirituous liquors be sold in this town? Shall license for the sale of malt and vinous beverages be granted in this town?

Article 6. To see how much the town will vote to appropriate for highway purposes.

Article 7. To see if the town will vote to raise money to defray the expenses and liabilities of said town, and if so, how much?

Article 8. To see if the town will authorize the selectmen to borrow money on notes of the town in anticipation of taxes.

Article 9. To see what salaries the town will vote to pay its officers for the ensuing year.

Article 10. To see if the Town school district will vote to raise money to defray the expenses and liabilities of said town School District, and if so, how much?

Article 11. To see if the Town school district will authorize the school directors to borrow money on notes of the Town School District in anticipation of taxes.

Article 12. To see what salaries the Town school district will vote to pay its officers for the ensuing year.

Article 13. To see what action the town will take in instructing the Selectmen in regard to buying municipal owned Town Truck.

Article 14. To see if the Town will vote to adopt the so-called Daylight Saving Plan by ballot.

Article 15. To see if the town will vote a sum of money from the Town Funds to aid in paying the expense of the Public Health Service (Maternal and Child Health Nursing Service), in order that the service already established may be continued and in such manner as to take advantage of Federal Aid.

Article 16. Will the Town authorize the auditors of the Town to employ the services of an accountant from the office of the Auditor of Accounts as provided for in No. 55 of the Acts of 1937 to conduct an audit of the accounts of the Town.

Article 17. To transact any other business that may legally come before said meeting.

EDWIN J. MOODY,
ORRIN C. BOLSTER,
DORR F. FITCH,
Selectmen of Dover.

Dover, Vermont, February 15, 1938.
